STUDENT
PUSE Task Number
A
109

Description of the task:

Make up the shape shown in the picture. Leave the white parts empty.

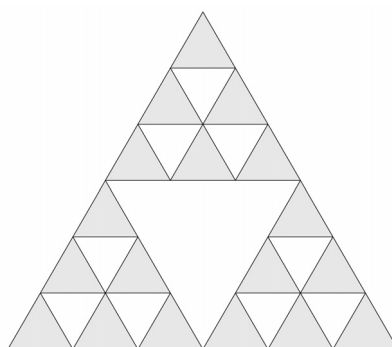

How many elements does it contain? _____

Add another row to this shape, under the image.

How many rows can you create using one set of triangles? _____

We made three copies of the first drawing, and arranged them next to each other, as shown in the following picture.

How many triangles does it contain? _____

Continue the construction process, and place three copies of the second drawing next to each other.

How many triangle sets do you need? _____

Construct the shape of the puppy.

How many triangles did you use? _____

Create other interesting shapes (perhaps other animals), then count the number of triangles they are made up of.

Remarks / Self-evaluation:
